**S U P P L E M E N T A L   S P E C I F I C A T I O N****AMENDMENT TO SECTION 105 -- CONTROL OF THE WORK****AMENDMENT TO SECTION 105.02 -- PLANS AND WORKING DRAWINGS**

**Amend** the fourth paragraph of 105.02 to read:

Working drawings submitted for approval shall include, but not be limited to; the following:

- shop fabrication drawings (3 sets),
- bending diagrams when required for reinforcing steel (3 sets),
- erosion control plans (4 sets),

or any other working drawings for approval required by the Contract. The Contractor shall submit the required sets of working drawings for approval to the Engineer for review. The Engineer will be allowed up to fifteen (15) working days for review of each submission. If the Engineer has not responded to the Contractor after fifteen working days, the Contractor shall contact the Engineer to inquire about the status of the submittal. If the Engineer requires more time for review, the delay will be considered a Noncompensable Delay, and the Contract Time will be extended in accordance with 108.07. Each resubmission including requests for additional information will be treated as a new submission and will require up to fifteen (15) working days for review by the Engineer. The fifteen working days will begin upon arrival at the Bureau of Construction's main office. The review will be considered complete when the date and status has been placed on the submittal. One set of the drawings will be returned to the Contractor marked approved or with corrections to be made. After approval has been given, the Contractor shall supply the Engineer with six sets, or seven sets if a design consultant is involved in the project, of the revised Working Drawings.

**Add** to the beginning of the list in the fifth paragraph:

Progress Schedules,

**Amend** the last sentence of the fifth paragraph of 105.02 to read:

The Contractor shall submit five sets of working drawings for documentation to the Engineer for distribution a minimum of fifteen working days prior to commencing work shown on the working drawings. Working drawings for documentation will be placed in the Department's project files as a record of the Contractor's method of operation. The Department reserves the right to comment to the Contractor regarding the content of the various working drawings.
